

# Bronze for Zaferes at Indoor E World Tri Champs

**Saturday, April 13th; London, England** - **Katie Zaferes**, the NYAC's Tokyo 2020 Olympic bronze (individual) and silver (mixed relay) medalist, placed third at the [E World Triathlon Championships](#) in London, with a finishing time of 37:10 for the unique indoor race format held at the London Aquatic Centre in the Queen Elizabeth Olympic Park. Great Britain's Beth Potter won in 36:03, with France's Cassandre Beaugrand second in 36:37. After two preliminary rounds of a 200m pool swim, a 4K bike, and a 1K run, the event concluded with a 10-woman final in which competitors contested three rounds of the aforementioned set (200m swim/4K bike/1K run). On the race, supertri wrote, "The final stage saw a pursuit start based on the time difference accumulated across the first two stages, with the athlete with the fastest times starting first. The pursuit-style start saw Potter enter the water with a 5sec advantage over Beaugrand and 30secs over Zaferes, who had a 29sec lead over Neubert in fourth. Beaugrand was quick to reduce the deficit to Potter and was alongside her with 100m to go. The two were level at the 150m mark, but Beaugrand was to nudge ahead by the swim's finale. Potter would lose precious seconds at the start of the final bike leg, with Beaugrand now 12-metres ahead of Potter. Riding side-by-side on the Tacx turbos, the gap between the athletes would remain at 12-metres as they pushed 300+ watts and speeds over 40km/h. Beaugrand would finally increase the gap to Potter by 2secs by T2. The scene would be set for an epic climax on the run. Potter would begin the final run leg courtesy of yet another textbook transition, establishing a 1sec lead over Beaugrand by 100m and 5secs by 500m. With Beaugrand visibly in pain, Potter's lead was only increasing and had been extended to 25secs by the finale. Zaferes would take bronze a minute back. The German pair of Neubert and Lena Meibner would finish fourth and fifth respectively." After the race, Katie reflected in an interview with John Levison of Tri 247 that it may have been "the hardest race [she had] ever done."
